

Installation

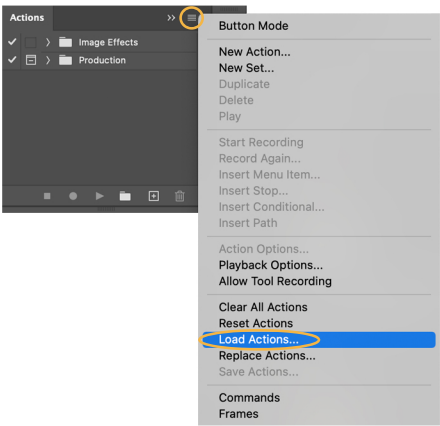

Open Actions window.

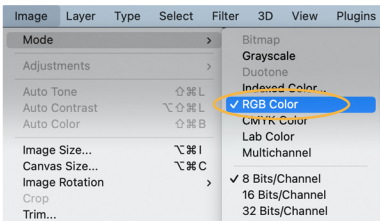

In Photoshop, open the 'Actions' ('Window' > 'Actions').

Import Actions.

Click the 'Actions Menu' in the upper right of the panel. Click the 'Load Actions' from the menu and choose the 'Oil Paint.atn'.

Instruction

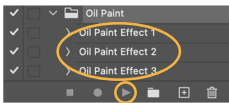

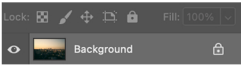

Preparing the file.

These actions work only in the English version of Adobe Photoshop. Your image must have RGB mode.

Open image.

Open your image in Photoshop. There should be no extra layers atop an image. If there are, do the command 'Layer - Flatten Image'. Your image layer will become locked.

Play the action.

Choose one of the 'Oil Paint.atn' actions from the Actions panel and press 'Play'.
