

Hi!

Thank you for purchasing Painting Photoshop Action. We hope you will be 100% satisfied with our product.

### First before using this Action You must check few things

---

1. You need to have an **English version of Photoshop**
2. You need to have **RGB Color** checked (Go to Image > Mode and Check RGB Color)
3. After in that same panel, check **8 Bits/Channel** option.
4. Go to Layers, click on the little icon in the upper right corner and go to **Layers Panel Options** and check "Add "copy" to **Copied Layers and Groups**"

### Recommendations:

---

1. Use good quality pictures.
2. I Recommend using a photo with a resolution 2500 x 3500
3. If you use PSD you need to flatten all layers (Go to - Layer > Flatten image)
4. Run this action

### Install and use the action:

---

#### 1. Load Action

go to: **"Window -> Actions"**, click on menu icon at the right and choose in the list **"Load Actions"** then find the action on your computer and click **"Load"**.

#### 2. Open Image & Play Action

Select **Photoshop Action** in the list of actions and then **click the play icon**.

#### IMPORTANT

Before playing the action select the Brush tool and make sure that "Opacity" and "Flow" of the brush is set to 100%. Also make sure that the Airbrush mode is set to OFF. At last make sure to have only two layers on your layer box "aj" and "Background".

3. Wait a few seconds until the program finishes work (speed of action work depends of the power of your computer).
4. After the Photoshop action is complete, you can make design adjustments in the **"Layer box"** (if you need), in the folders **"ADD SHARPNESS"**, **"COLOR ADJUSTMENTS"** and **"COLOR OPTIONS"**. Please refer to the instructions for setting the final design and optimization in **"OPTIMIZE DESIGN.jpg"**.
5. And after all the process is completed, and the design you feel ready please save your design.

However, If you have any problem with our action file, please let us know. We are here to help you.
