

### Step 1: Install Action file (.atn) file

After you have finished downloading our Photocopy Effect product. You will find a file labeled Divided.co - Photocopy Effect.atn. You will need to install this within Adobe Photoshop.

To install the action, open up the **Actions** panel and navigate to the top right hand menu.

Navigate down to Load Actions and once prompted select the Divided.co - Photocopy Effect.atn file in your downloaded folder.

## Step 2: How to apply desired action

After you have installed the action file, you should now see our Photocopy Effect action. In order for our action to work, the layer you want to apply the effect too must be named Background.

To add an extra level of detail, overlay the Photocopy\_Texture.jpg with the 'Screen' blending option.
