# STEP 1 GRAPHIC STYLES

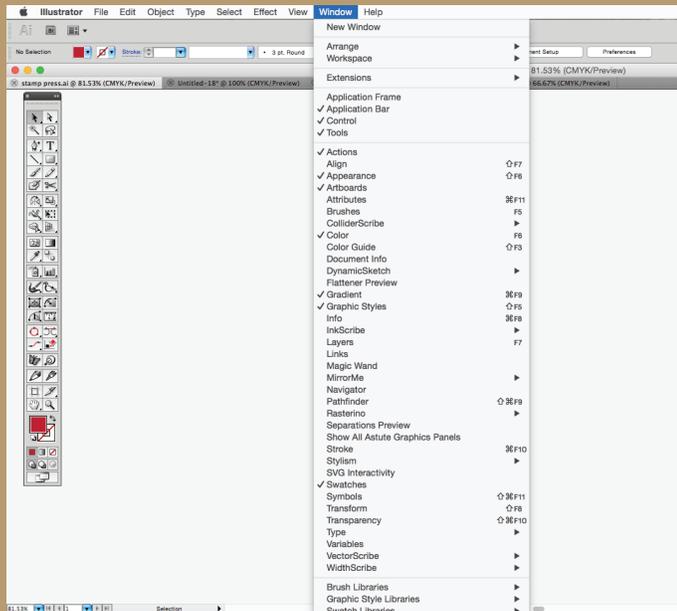

Go to window then click on Graphic Styles to open your Graphic styles panel.

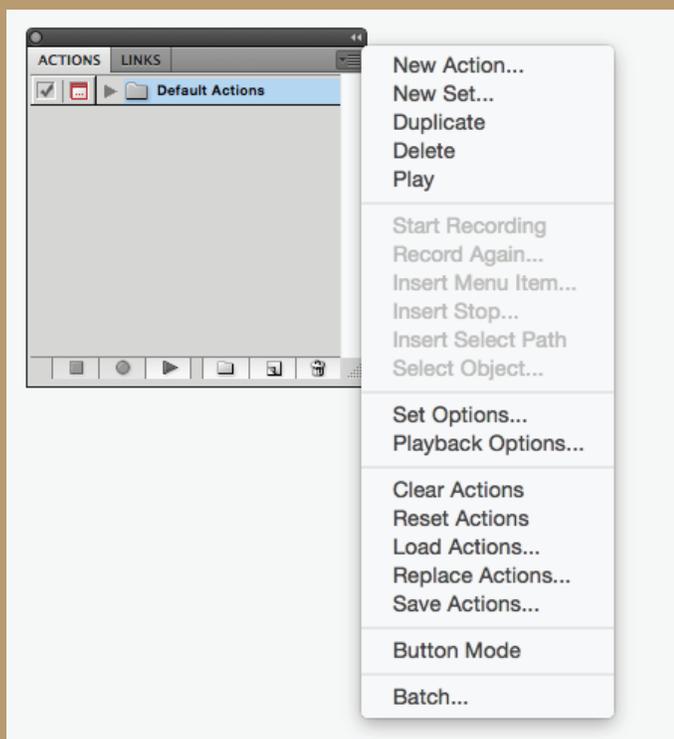

In the graphic styles panel click on the drop down arrow and select open graphic style library then other library. Then find the stamp press folder and click on stamppress.ai to load the graphic styles.

# STEP 2 ACTIONS

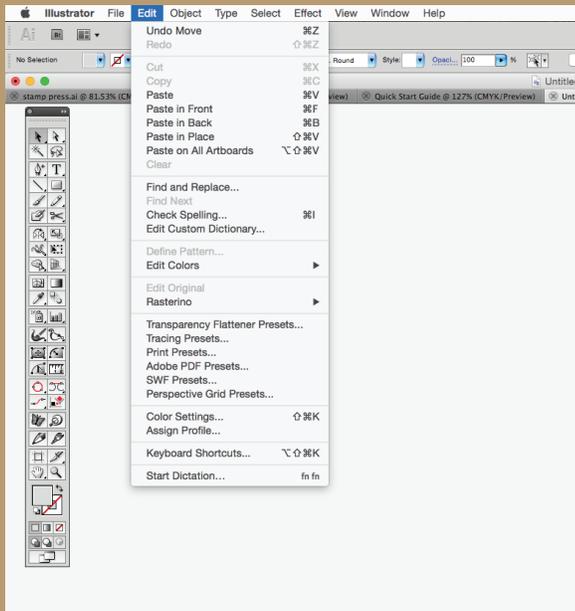

Go to window then click on Actions to open your Actions panel

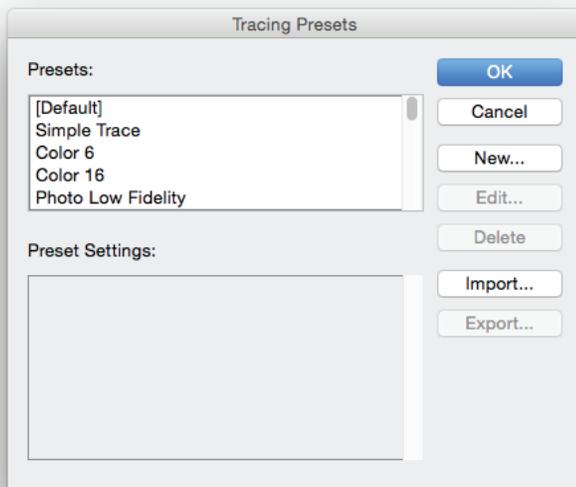

In the actions panel click on the drop down arrow and select load actions. Then find the stamp press folder and click on the 3 different actions to load them into adobe illustrator

# STEP 3 TRACING PRESETS

Go to Edit then click on Tracing Presets

Click on import, and then find the file called The Stamp.txt inside the Stamp Press folder. Click on it and it will load the Live Trace preset.

THEN USE THESE 3 STEPS!
