

ART WATERCOLOR A-Z ALPHABET

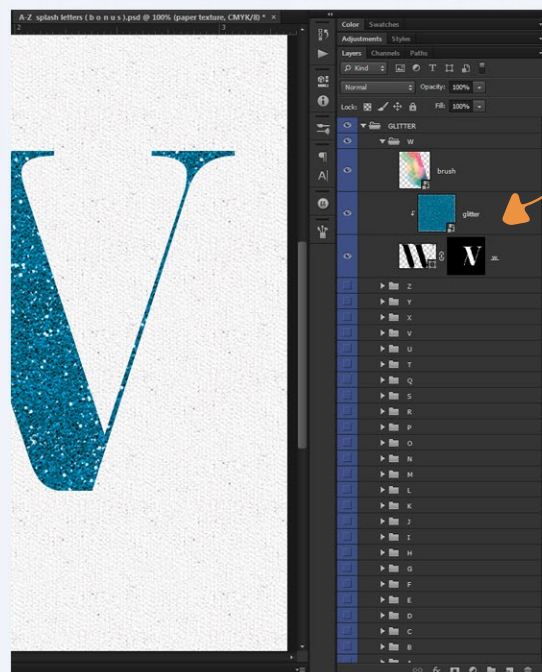

quick guide

Thank you for purchasing the “Art Watercolor A-Z Alphabet”. The item includes 2 PSD files & 100 PNGs, containing easy customizable elements (smart objects), as you will find them very well organized by groups of layers.

Photoshop CS3+ required

Now open any of the provided PSD files. To start working on the **smart object layers** of the embellished letters, please make sure the layers are visible.

Any of the “**brush**”, “**silver foil**”, “**golden foil**”, or “**glitter**” layers can be fully customized by you, by simply clicking the **smart object** thumbnail. This will allow you to play, for example, with the glitter color (see Hue Adjustment layer in smart object).

If you found this pack useful and easy to customize, please support me by **reviewing my item** on Creative Market. (Click on the heart button or leave a positive comment on the product page)

Thank you!
