## **THANKS FOR YOUR PURCHASE!**

We know you're anxious to get started using Turbo Textures. But we wanted to quickly thank you for your purchase. We spend dozens (sometimes hundreds) of hours on each products.

Our #1 goal is to make you a design tool that you absolutely love.

If you need any help at all please contact us at [support@retrosupply.co](mailto:support@retrosupply.co). We're happy to help you with your product, give you some tips or even be your shopping buddy if you need suggestions!

## **HOW TO INSTALL TOOL PRESETS**

**STEP 1.** Open Photoshop and choose Edit > Presets > Preset manager.

**STEP 2.** In the Preset Type dropdown menu choose Tools.

**STEP 3.** In the window that opens navigate to your RSCO-Turbo-Textures-Presets.tpl file and click Open.

**STEP 4.** That's it! Your Brush Tool Presets can now be found in the upper left corner under the brush icon when you select the brush tool.

## **INSTALLING BRUSHES**

**STEP 1.** Open Photoshop and choose Edit > Presets > Preset manager.

**STEP 2.** In the Preset Type dropdown menu choose Brushes.

**STEP 3.** In the window that opens navigate to your RSCO-Turbo-Texture-Brushes.abr file and click Open.

**STEP 4.** That's it! Your Brush Presets can now be found in your Brush panel!
