

THANK YOU FOR DOWNLOADING

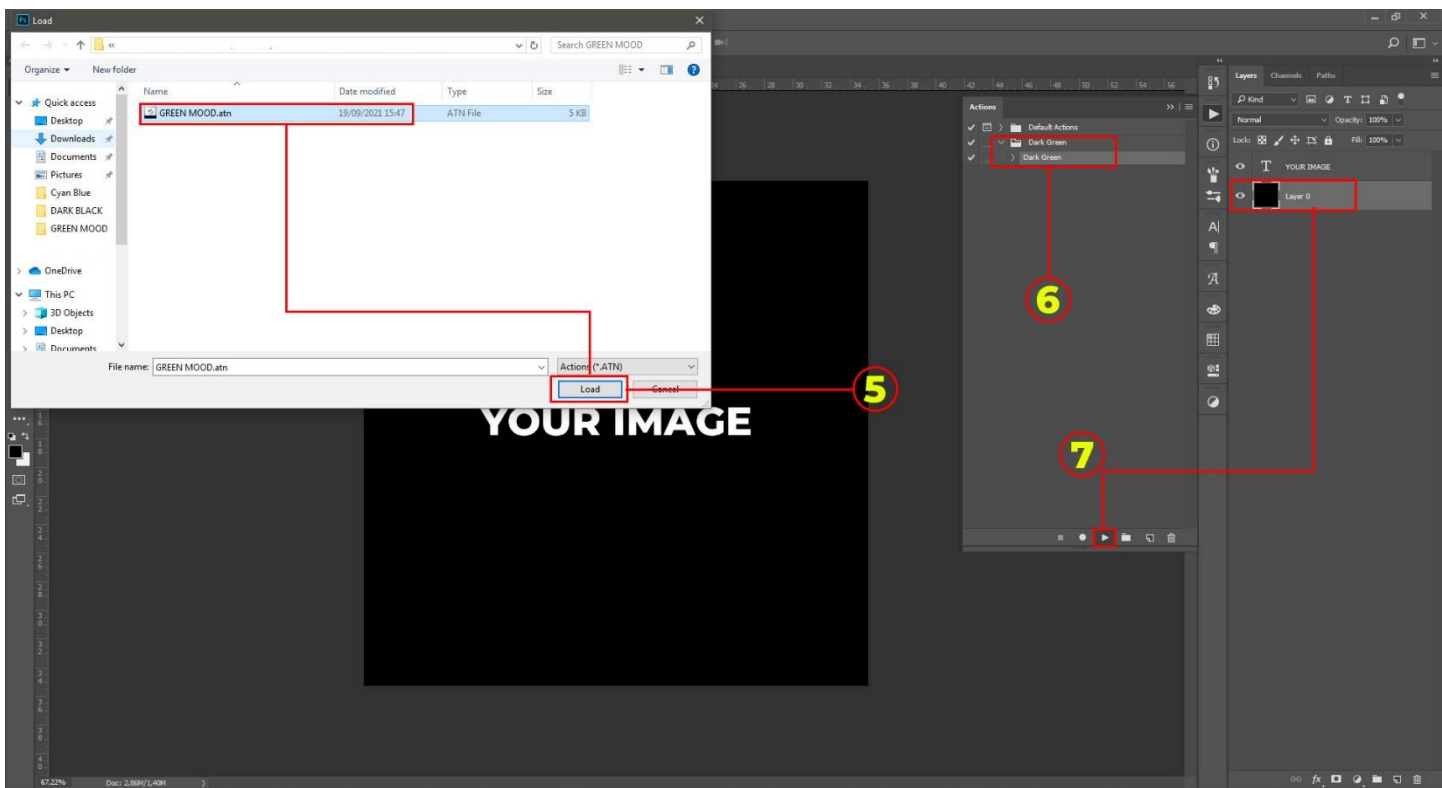

SIMPLE TUTORIAL FOR APPLICATION OF *atn. FILES*

- 1. Open **Photoshop**
- 2. Then open the photo you want to change
- 3. Then click the **Window-Actions** menu or press Keyboard **(Ctrl+F9)**
- 4. After the **Actions Bar** appears then click **the three** parallel lines and select the **Load Actions** menu

- 5. After that, please find the file you downloaded and select the **ATN file**, then **open / load**
- 6. Automatically the file will appear in the Actions bar
- 7. Then you can click the layer on your photo and click the play button as in **Number 7**

- 8. And done.. Enjoy!!
