LIGHTROOM PRESETS

INSTALLATION ON
MOBILE
(DNG FILE)

HOW TO INSTALL LIGHTROOM ON YOUR PHONE

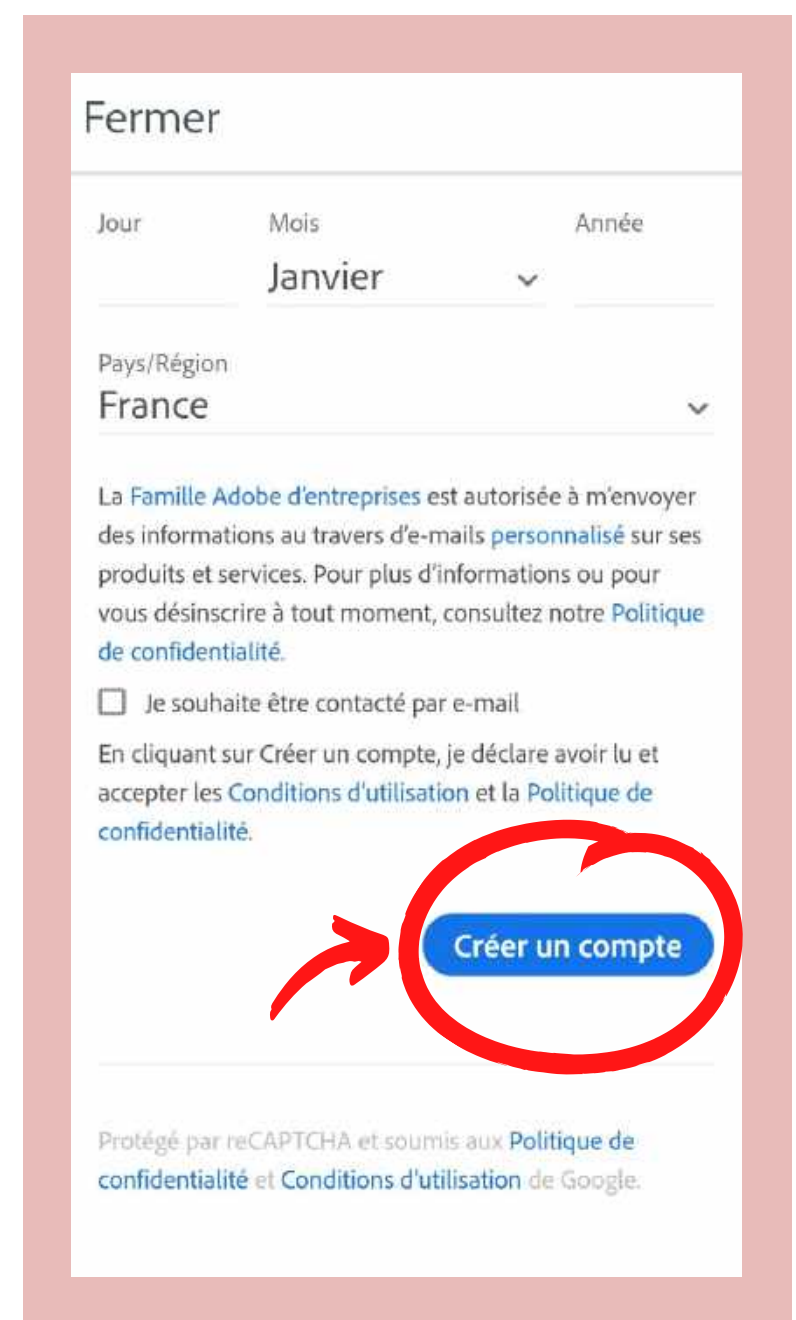

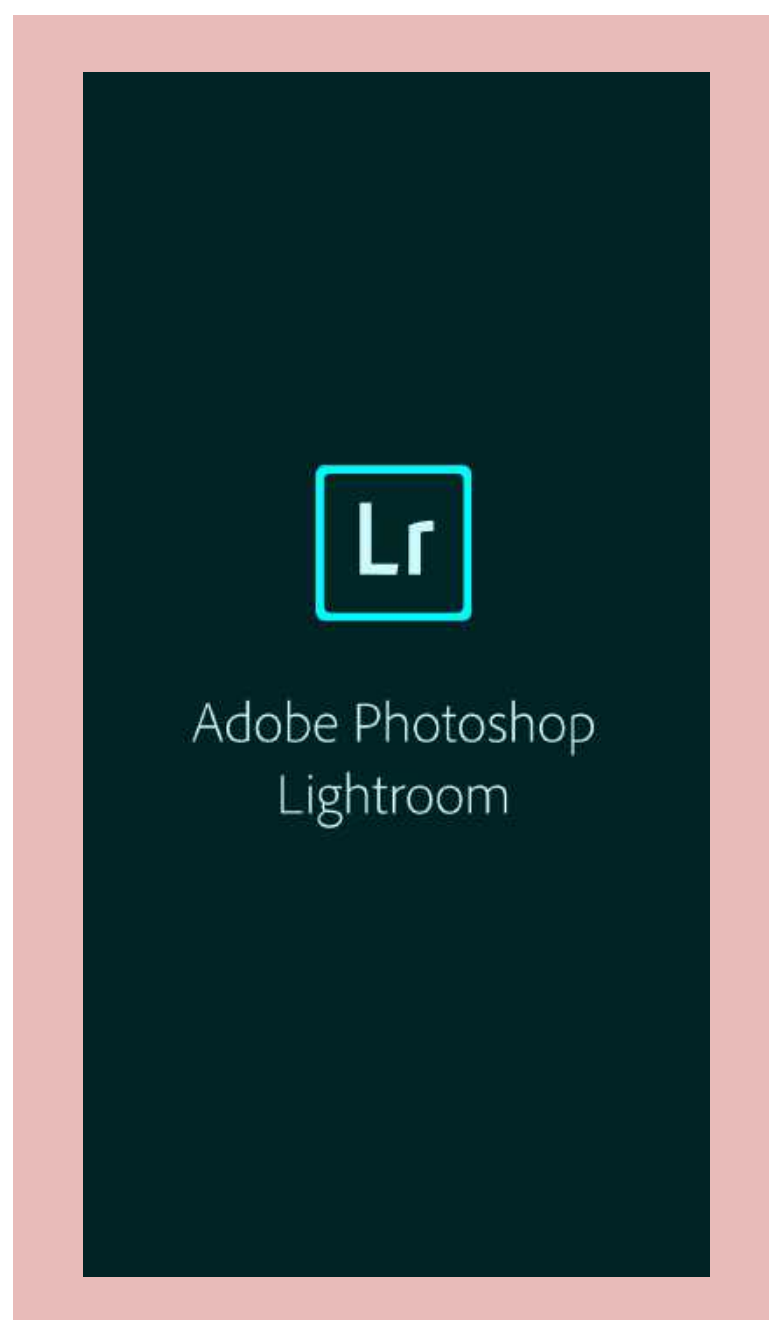

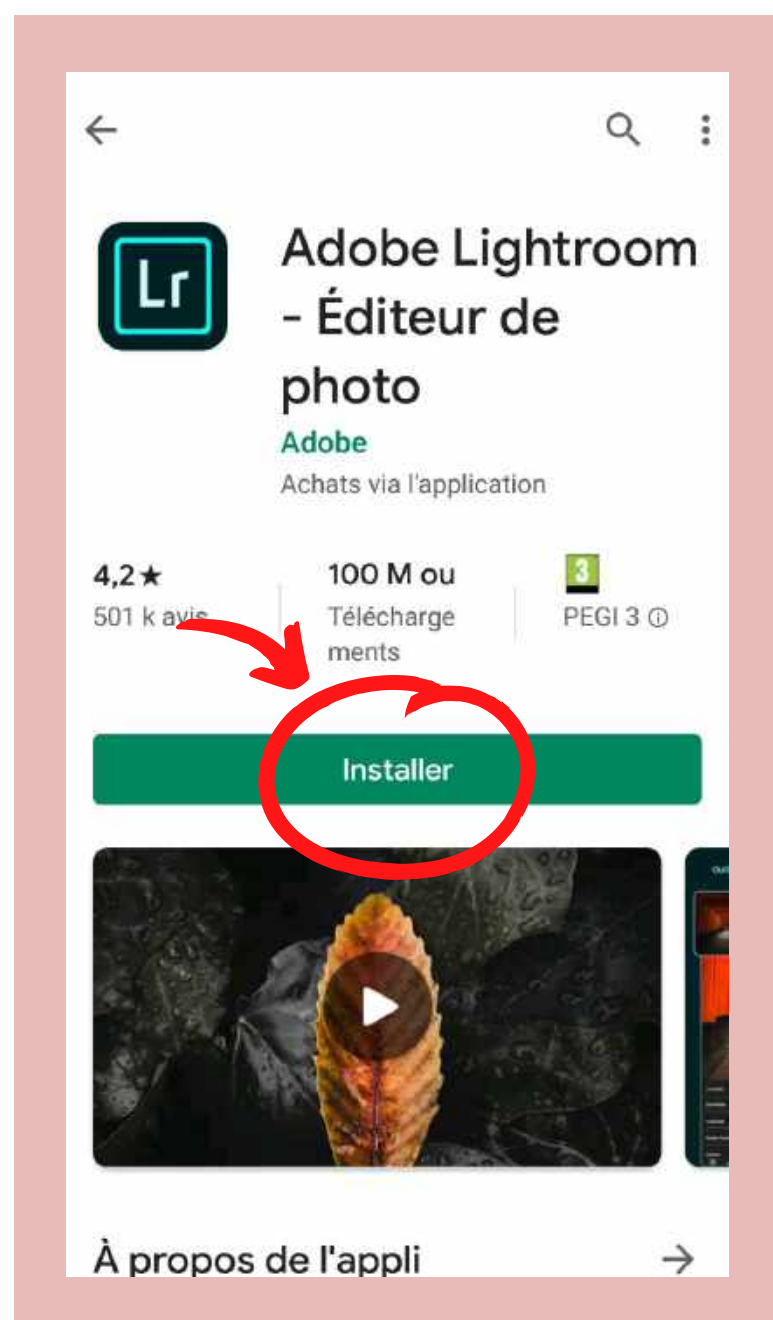

If you don't already have **Lightroom** app on your mobile, install it via **Apple Store** for **IOS** or **Play Store** for **Android**.

It's a **FREE app**, you just have to **create** an Adobe account♡

If you have an error message and you cannot install it, connect to wifi or 4g, restart your phone or empty the cache by going to your storage/application/settings and empty the cache

When you are ready, follow these steps:

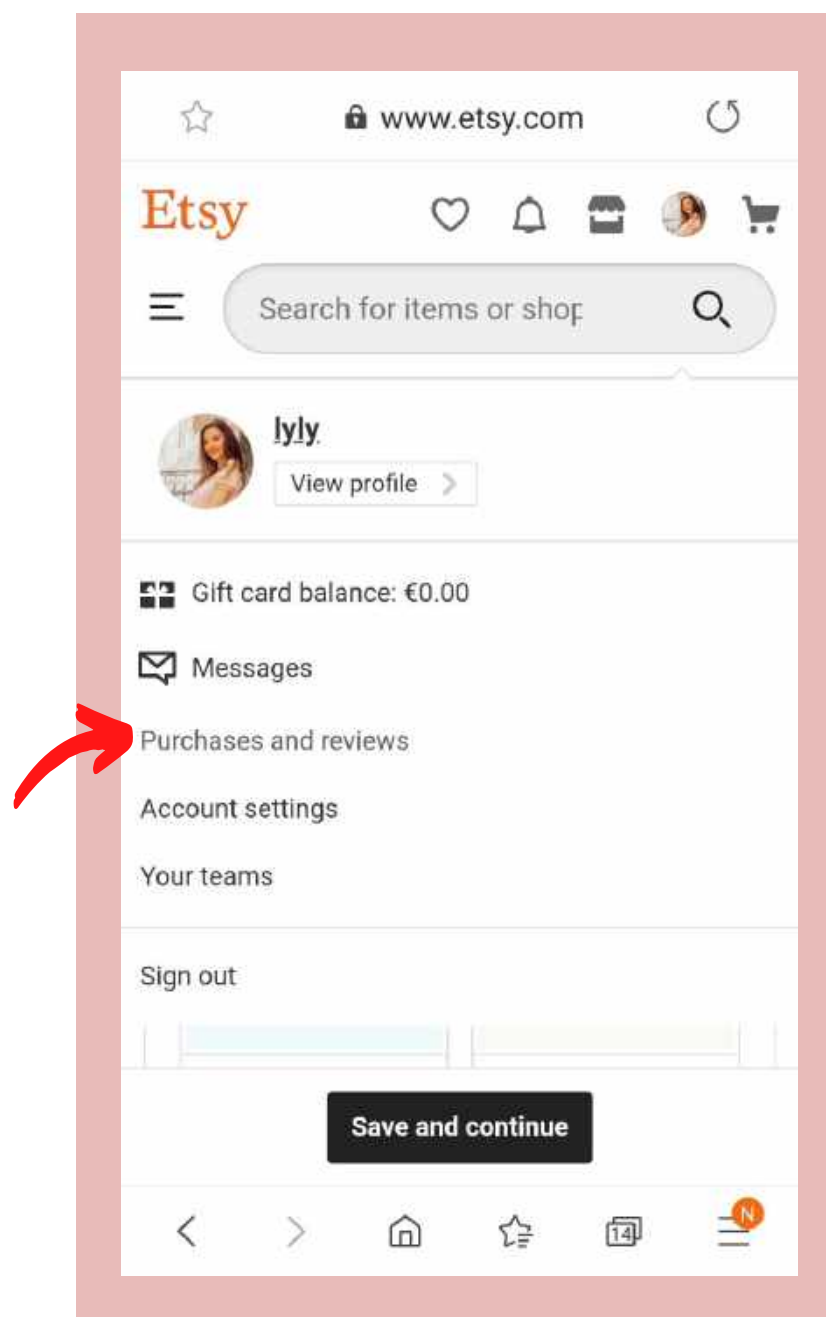

- **Download** the app
- **Open** the Lightroom app
- **Create** your account

AND THAT'S IT♡

HOW TO DOWNLOAD YOUR PURCHASE ON ETSY

- Go on your **Etsy account**, select **purchases and reviews**.

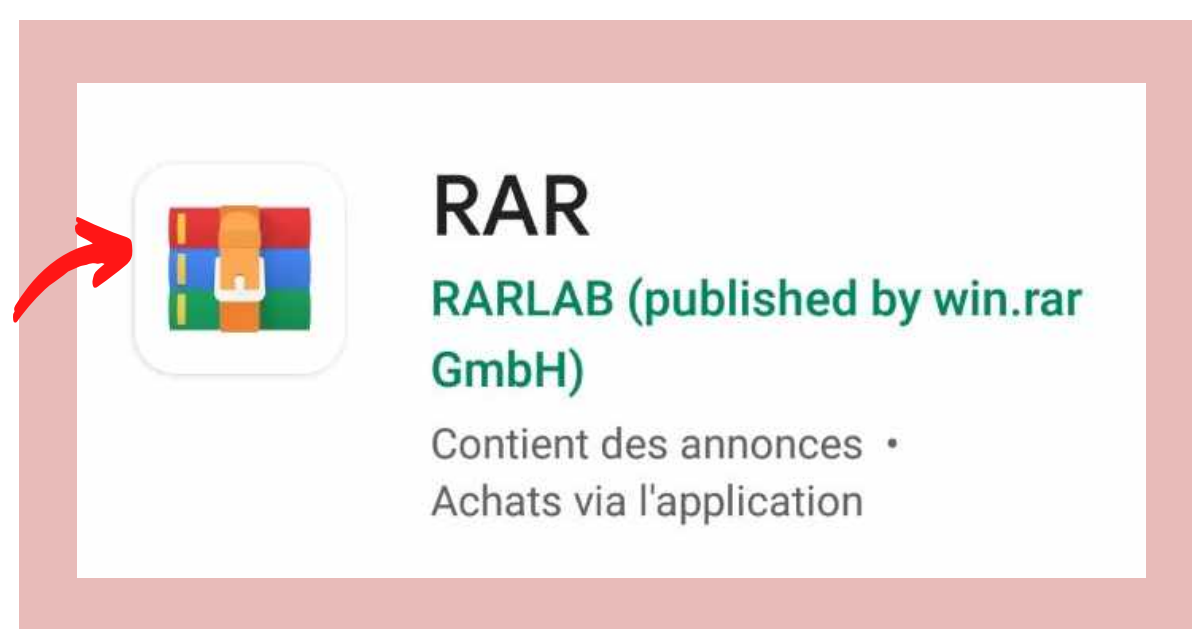

- **Download** the archive (where you will find the the **DNG** files)

HOW TO EXTRACT THE FILES FROM THE DOWNLOADED ARCHIVE

Notes: some smartphones don't require to install WINRAR/WINZIP because they have integrated file extractor. If this is your case, go on chapter "Import presets to Lightroom FIRST CASE" on **page 8**

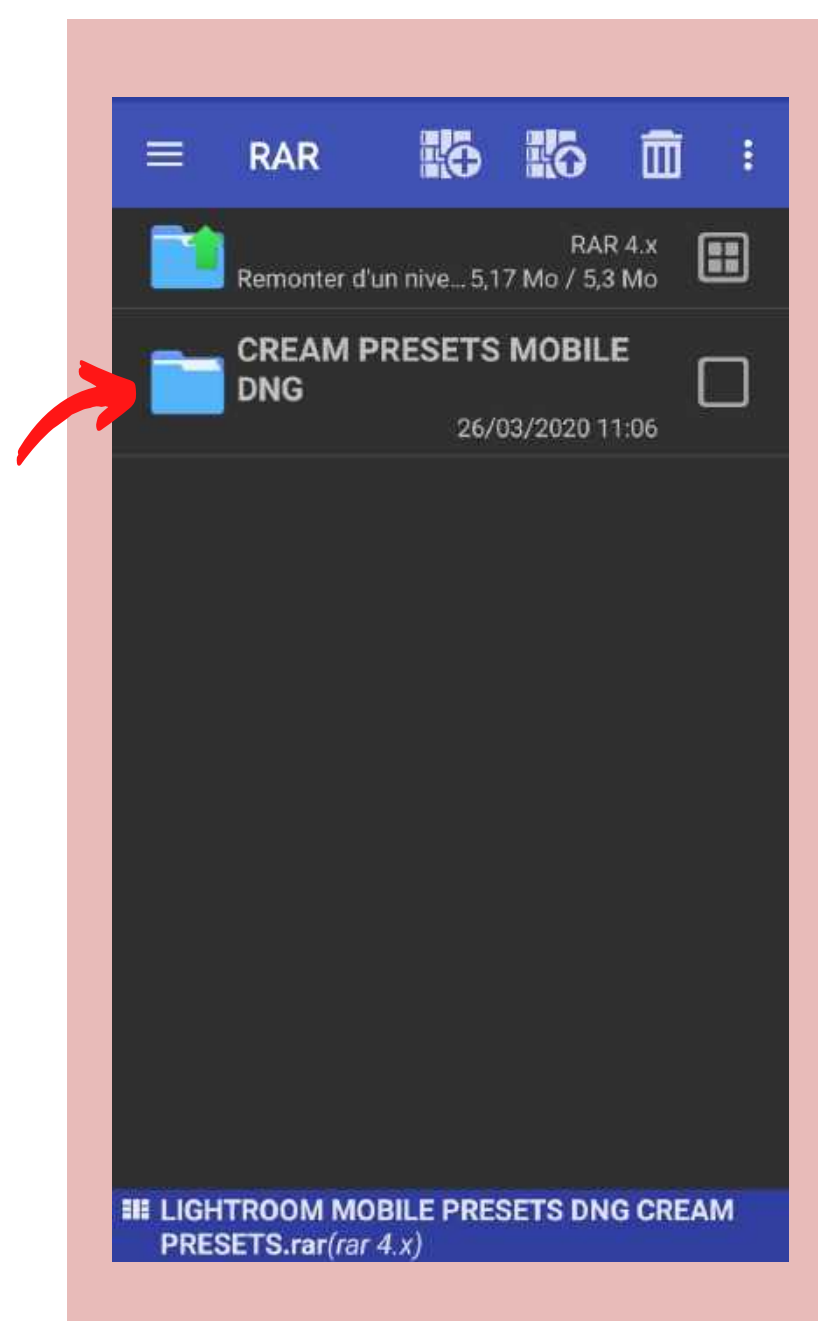

- **Download** WINRAR OR WINZIP app on your phone

- **Click** on the **downloaded archive** and select "this time" or "always"

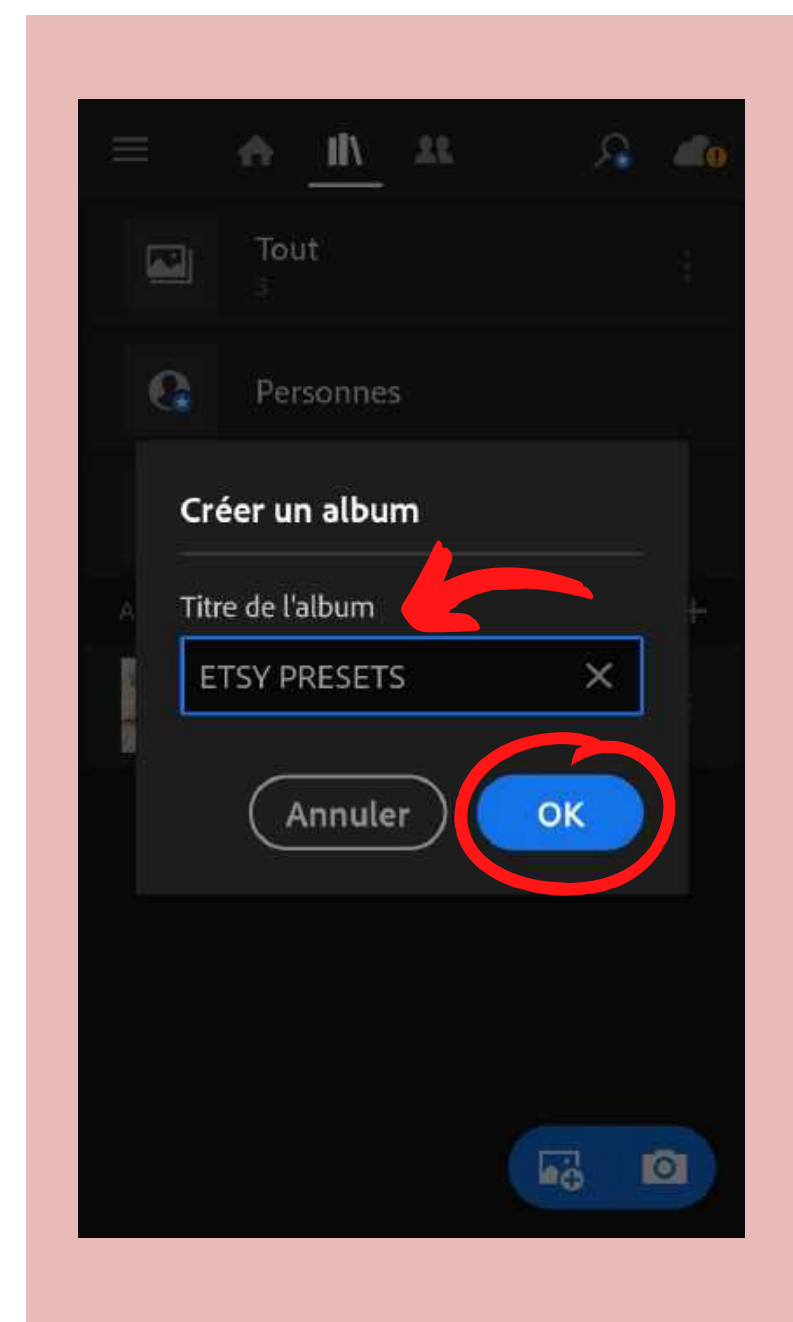

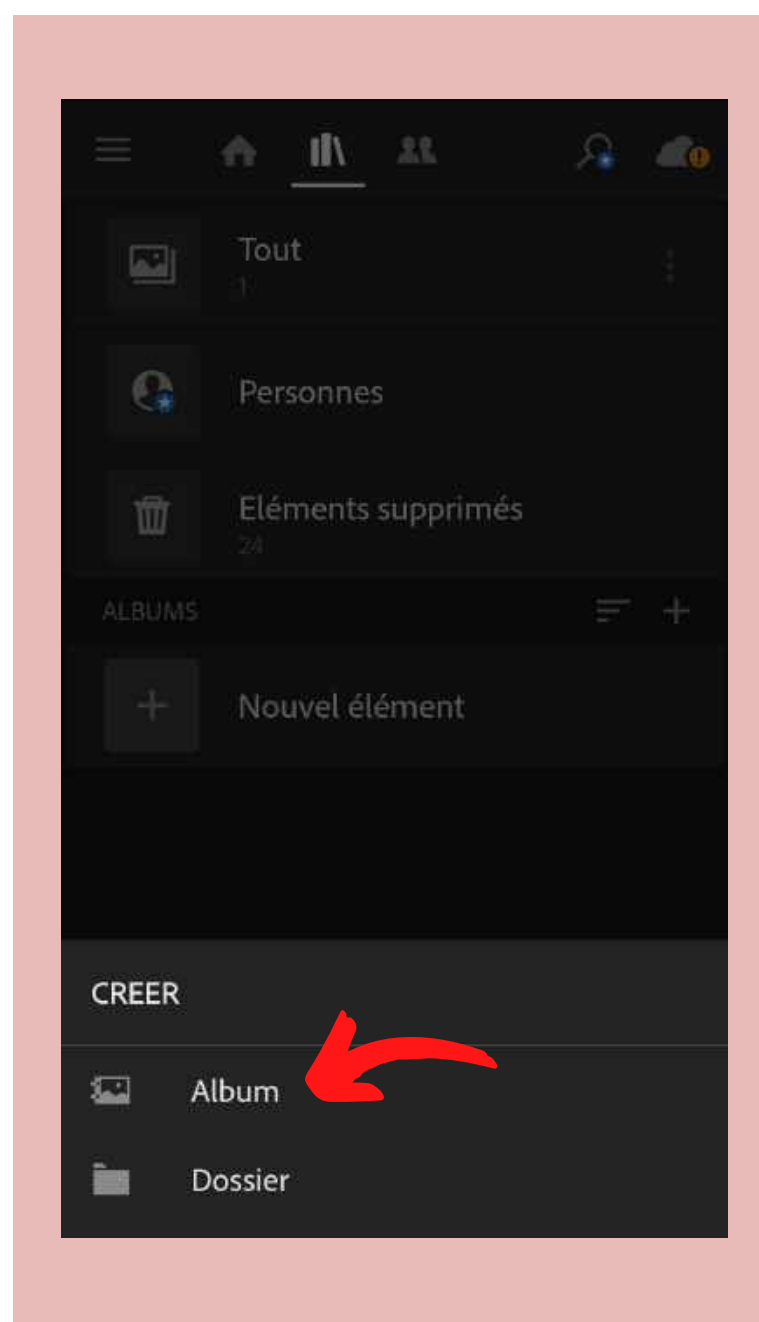

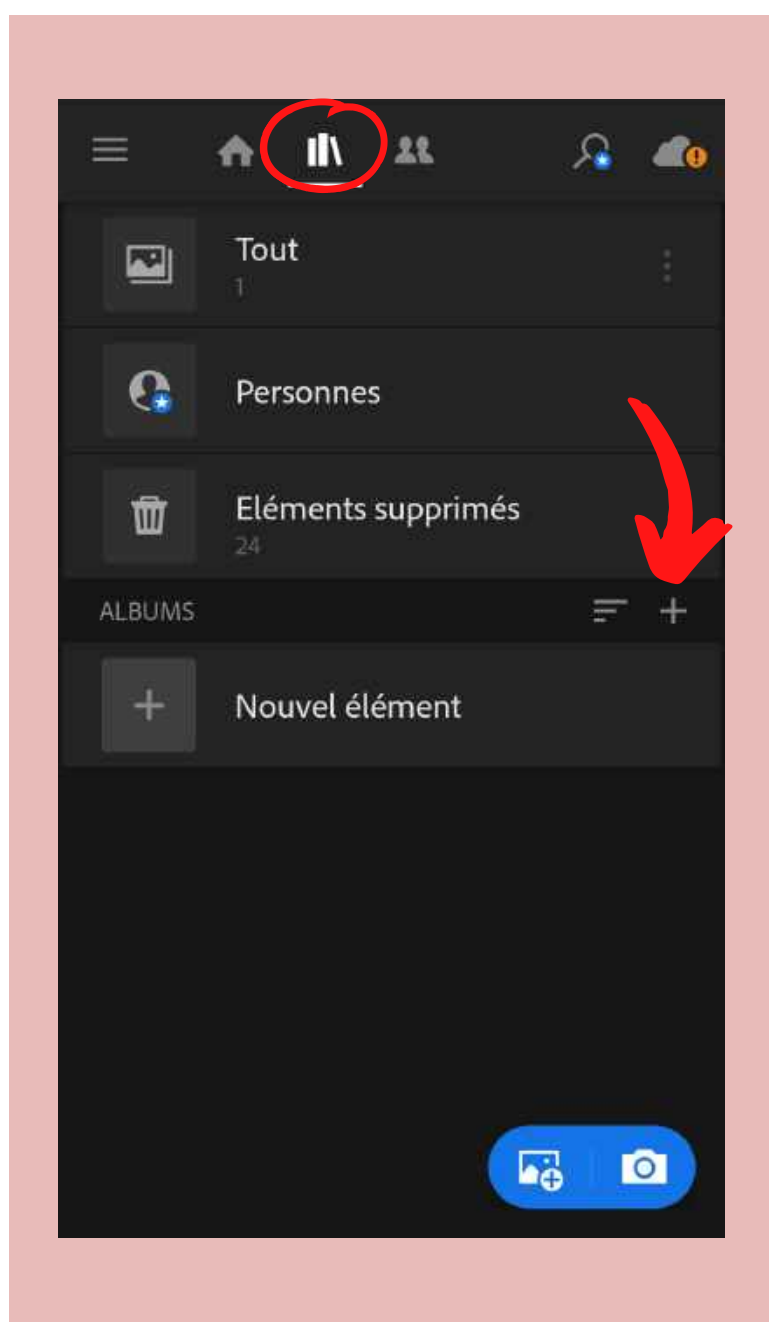

- You will **find** your DNG files in a folder

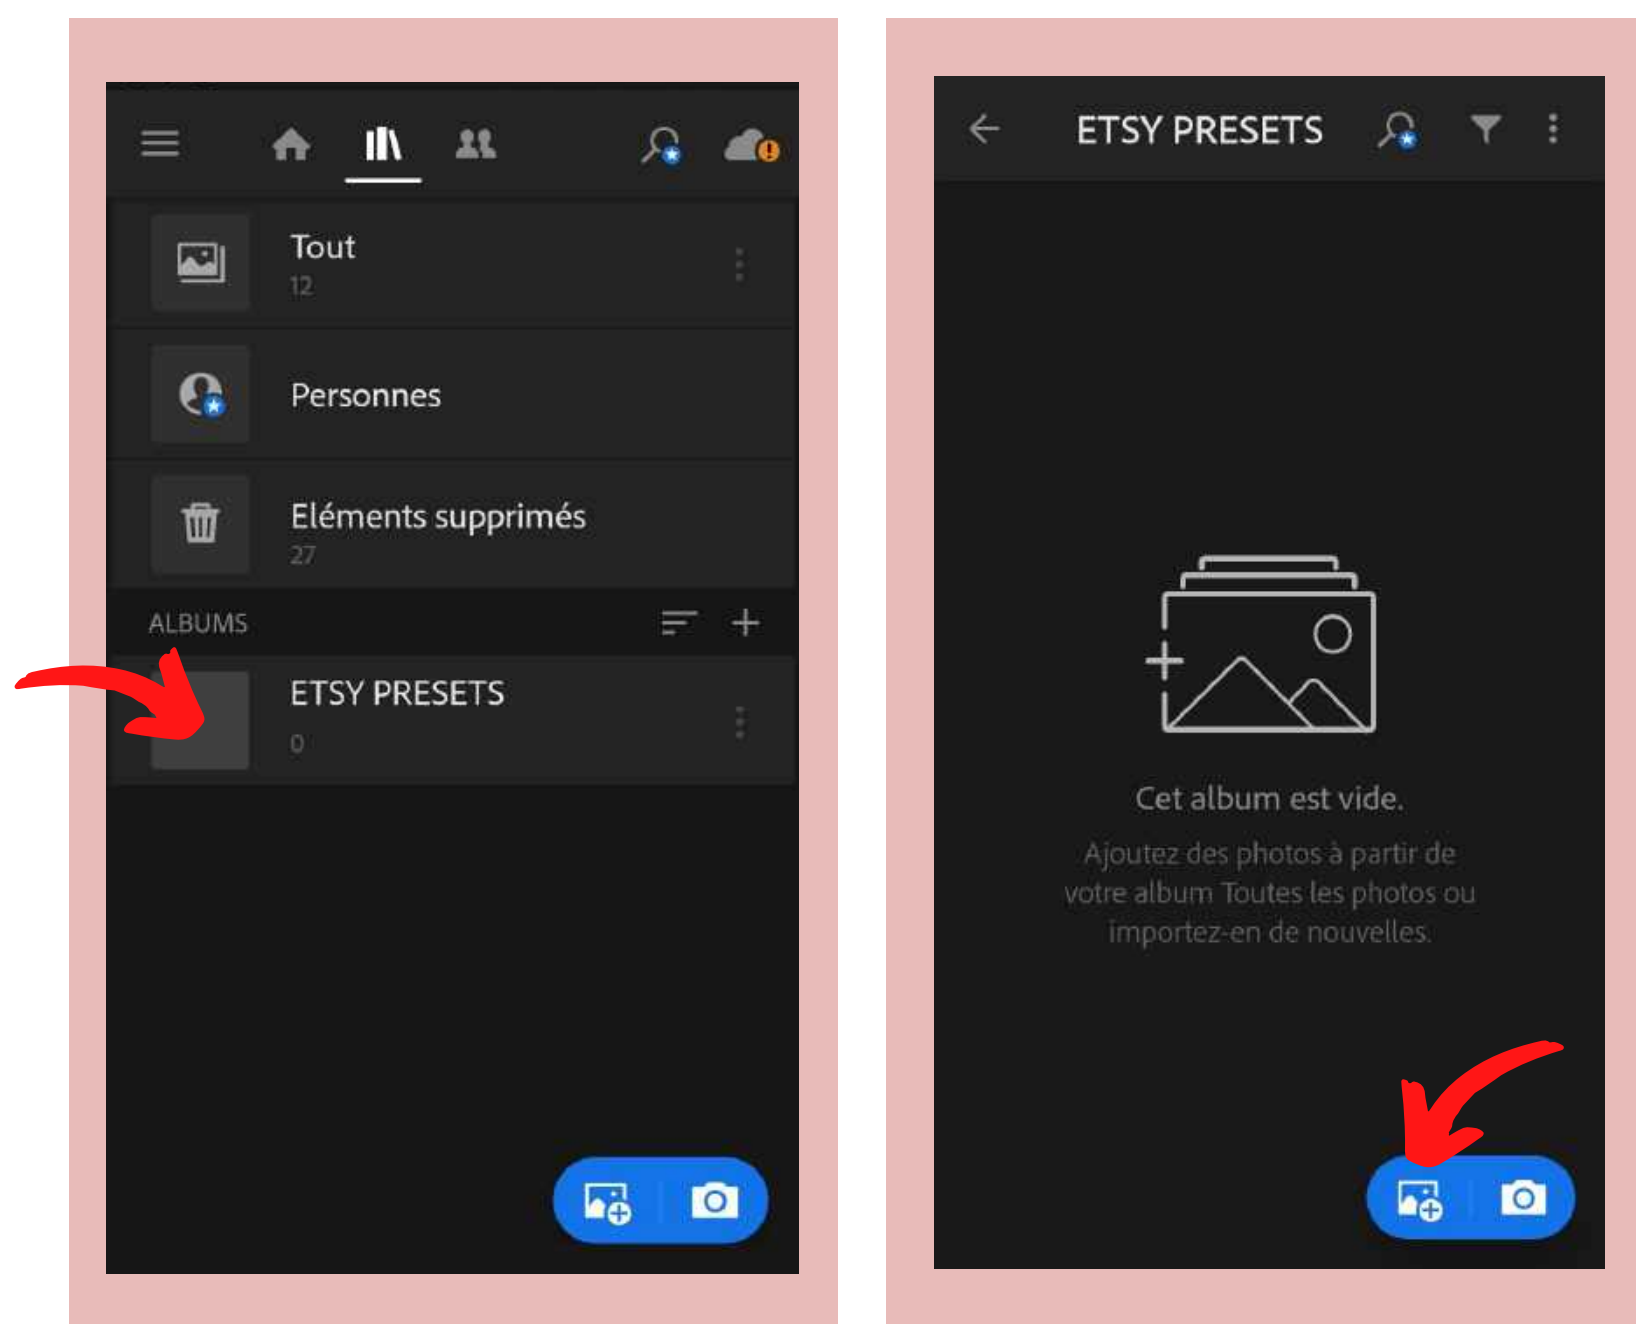

You will **find** the rest of the manipulation with **ZIP** on **page 11**

➔ Follow this chapter if your smartphone **does not require WINRAR/WINZIP**

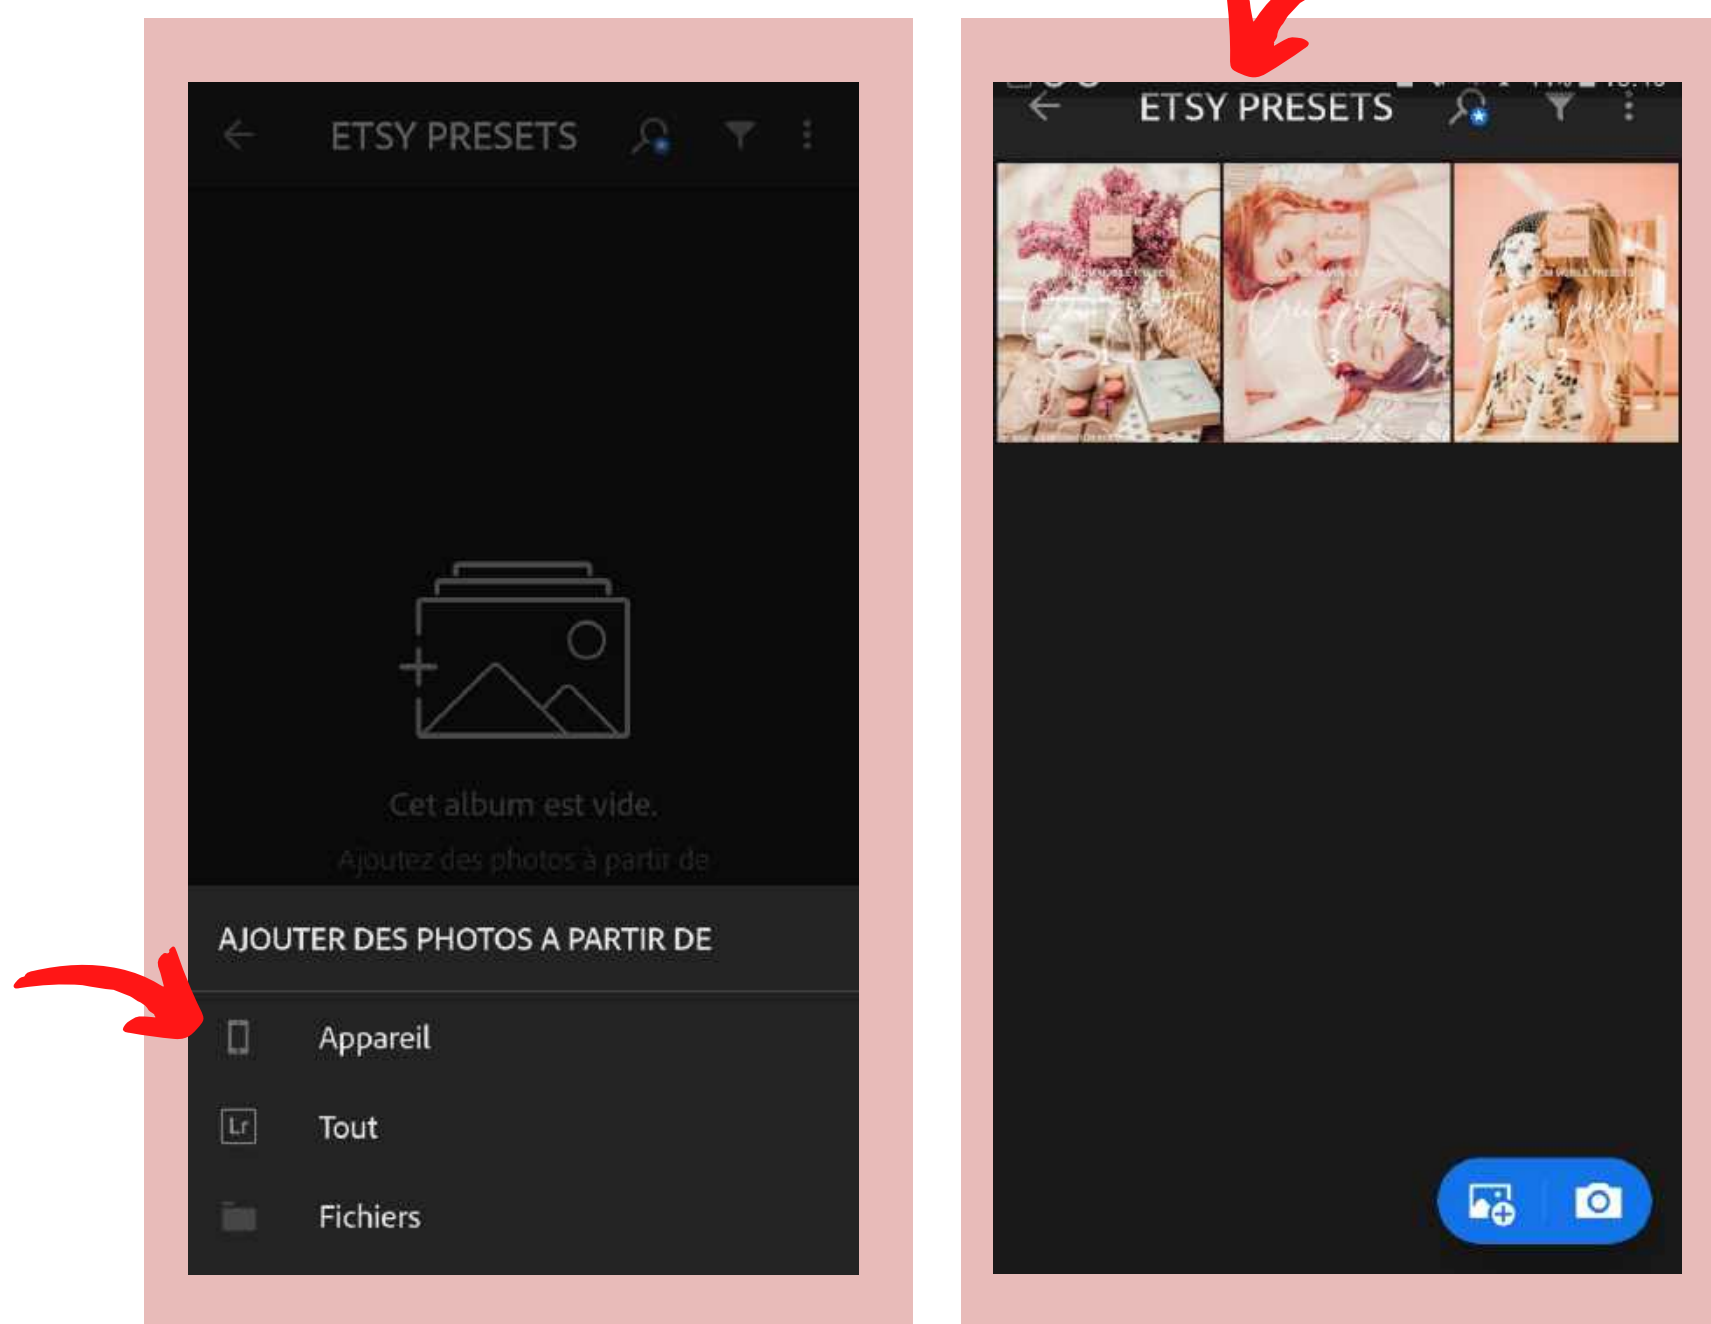

- **Open** Lightroom App
- Go to the **Album** Section and click on the **+** icon
- Click on **Create Album**
- **Choose a name for your album** (for exemple Etsy presets) and click on **OK**

- **Choose** your album by clicking it
- **Click** on add new photos

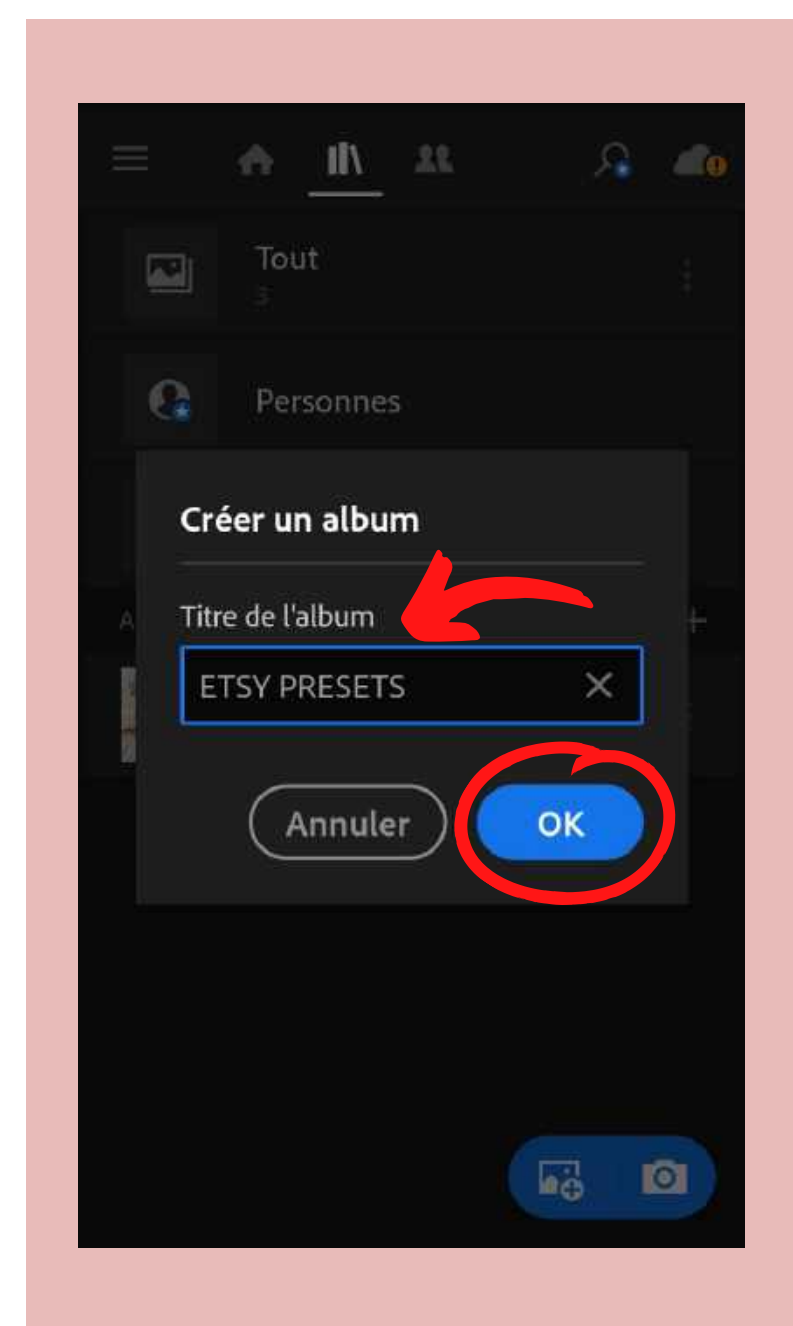

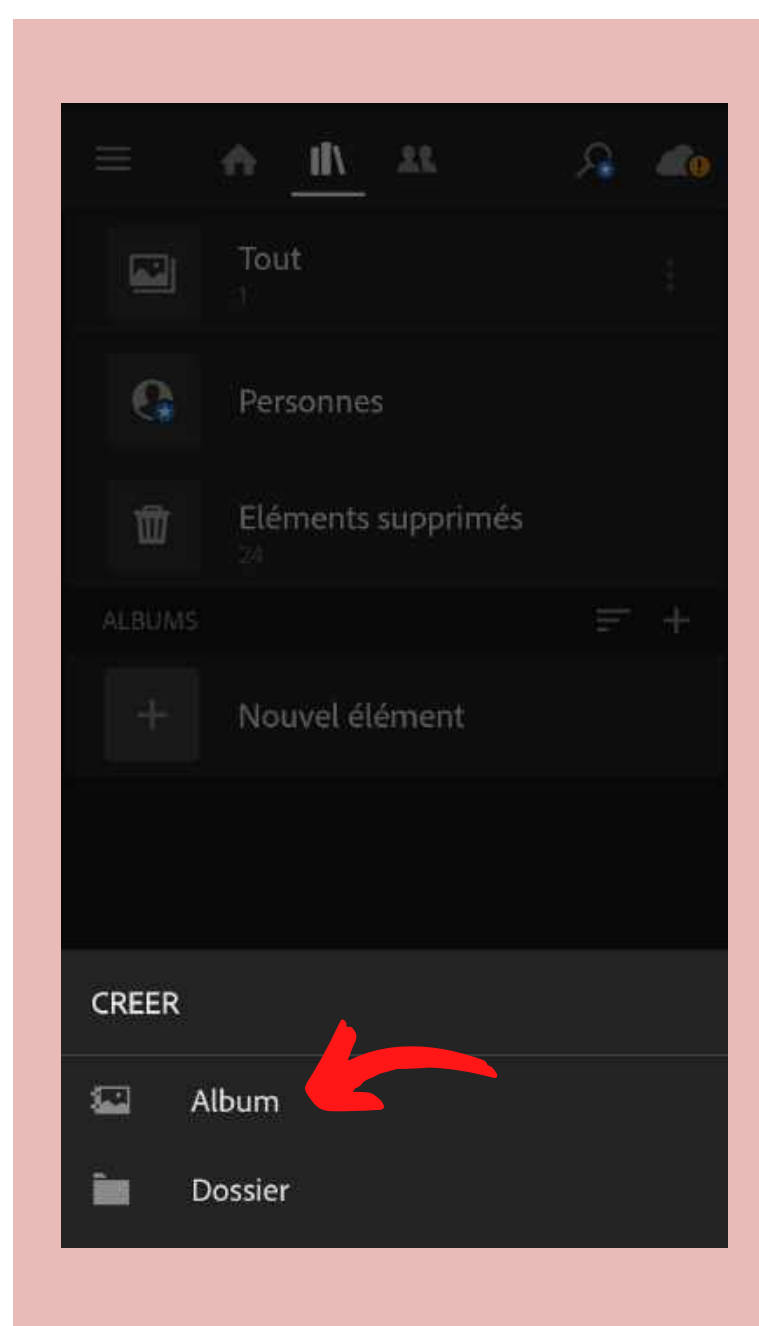

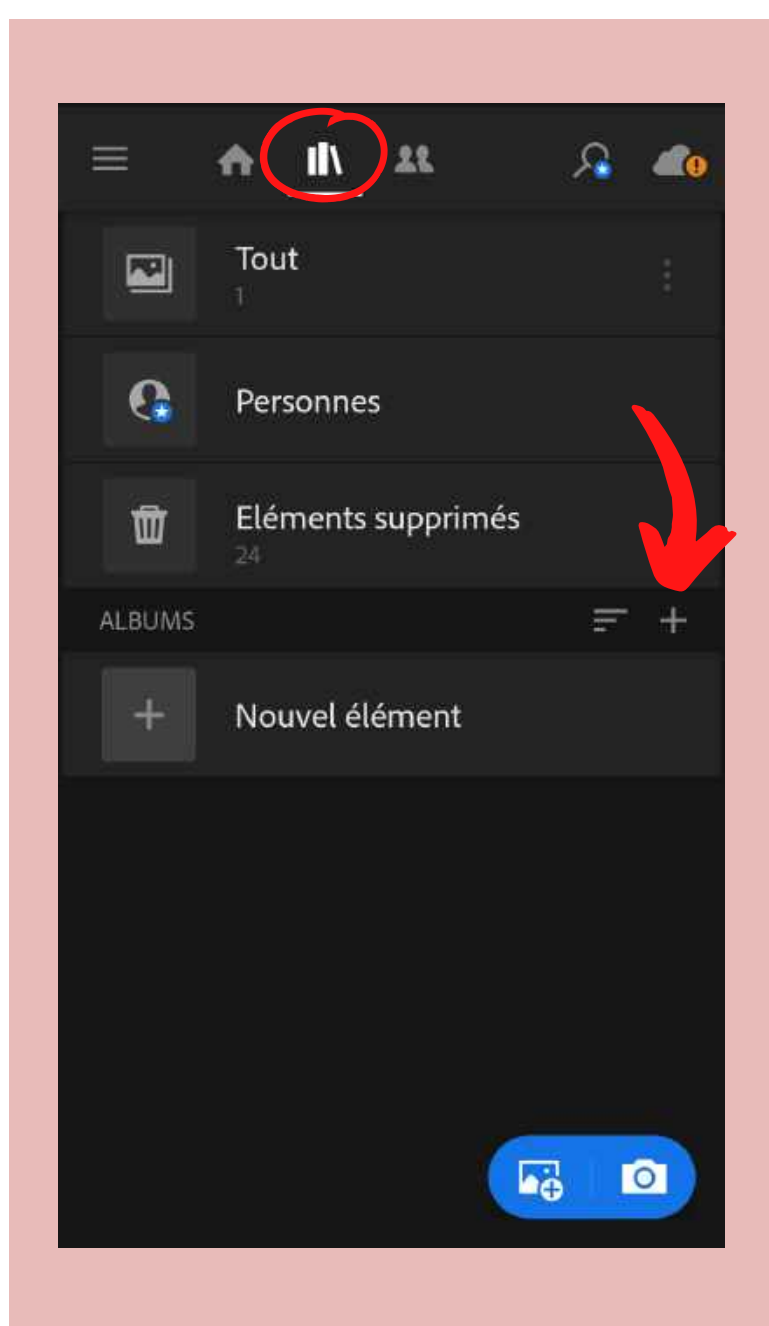

- Click on **add photos** from mobile and import your presets files (raw)
- You will find your **DNG** files in this section

COPY AND PASTE THE SETTINGS

- **Select** the photo you want to edit
- Click on the **3 circles**
- **Paste** the settings

COPY AND PASTE THE SETTINGS

♡TADAAAA the **MAGIC** HAS OPERATED ♡!

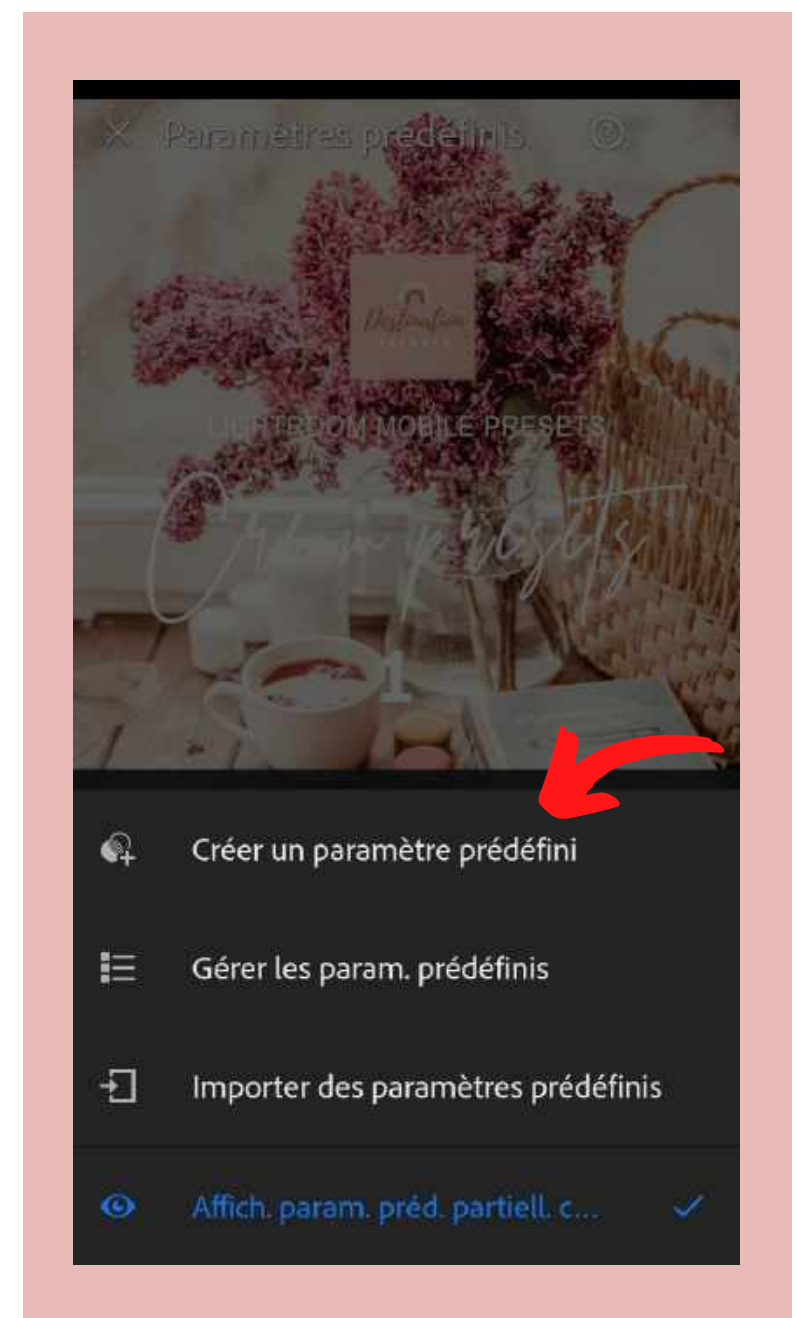

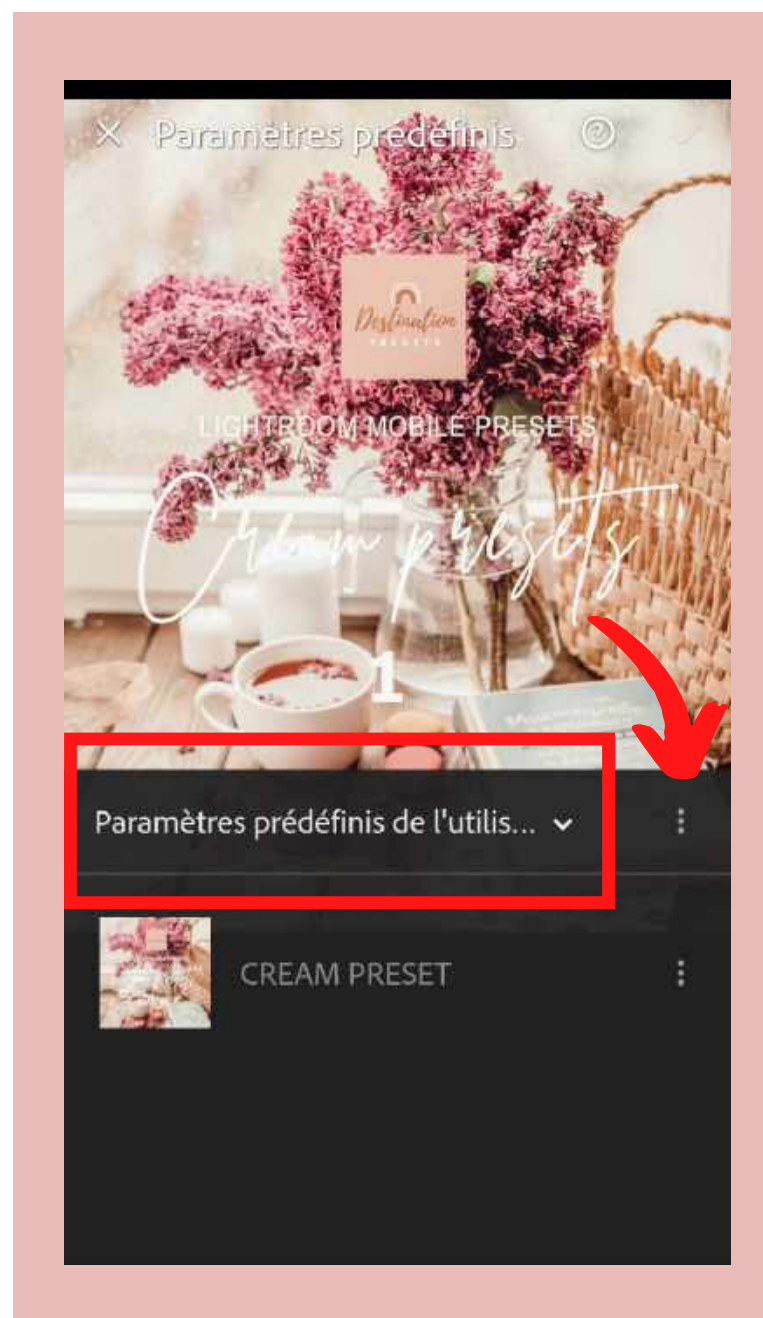

- Click on the **share** button
- **Save** the image to your phone♡

SAVE PRESETS TO THE LIGHTROOM APP

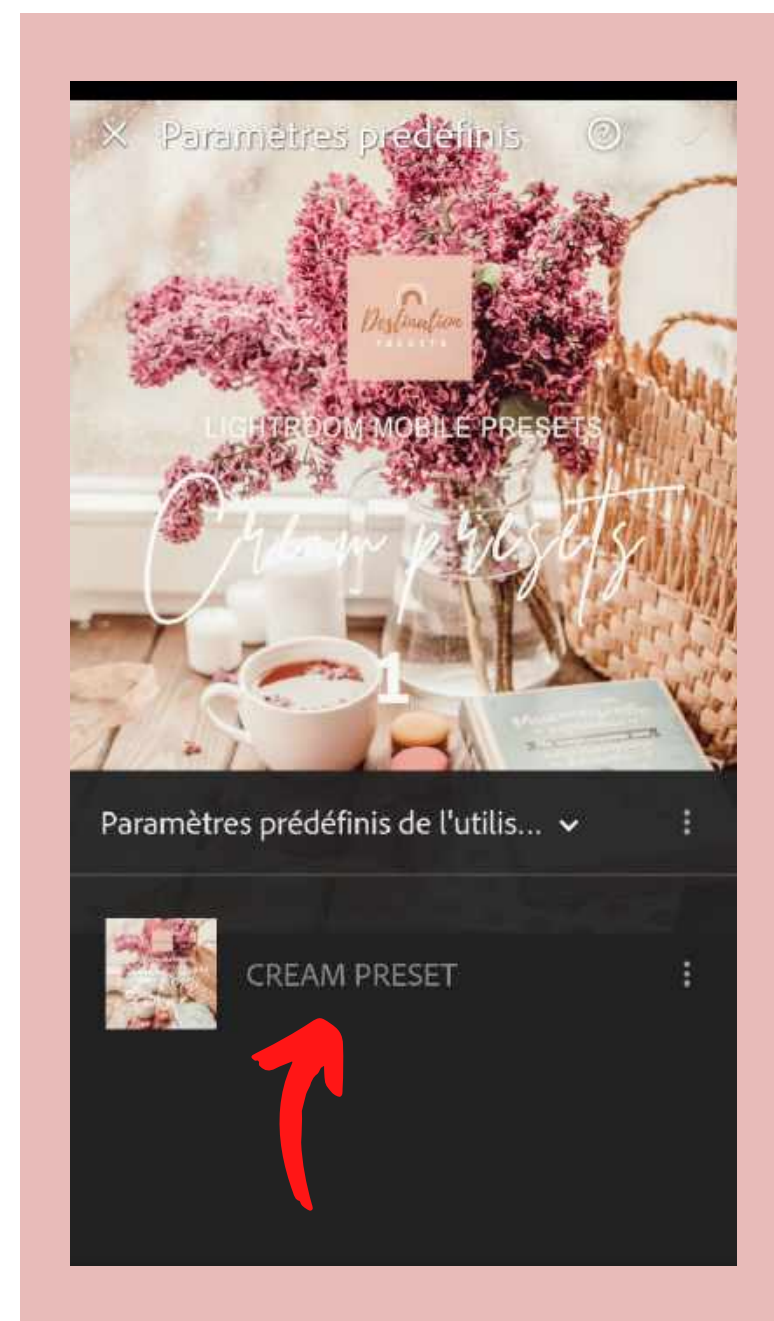

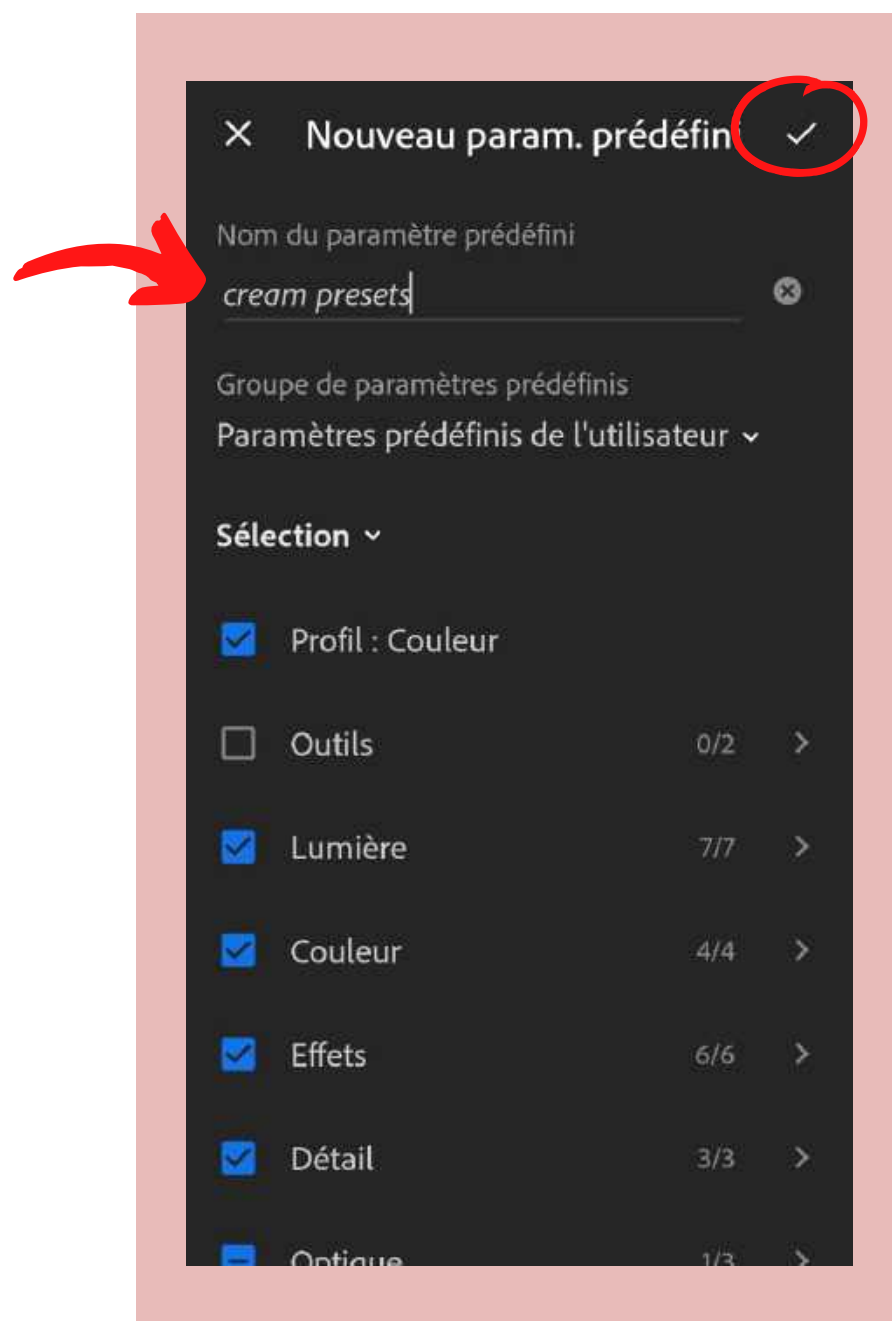

If you want, you can **save** your presets in the application. Thanks to this method you will be able to find your presets **easily** and use them at **any time**.

- **Scroll** on the left, and **click on Presets**
- Choose **user presets in the dropdown menu**
- Click on the **3 circles button**

SAVE PRESETS TO THE LIGHTROOM APP

- **Name** the preset (for the exemple if you purchase the "cream preset" rename it like this)
- **Validate**
- And that's it, your **preset is created**♥
- You can find all your **save** presets in this section

Have Fun!
