

# FOR GOOD RESULT :

## First Open your Photo in Photoshop

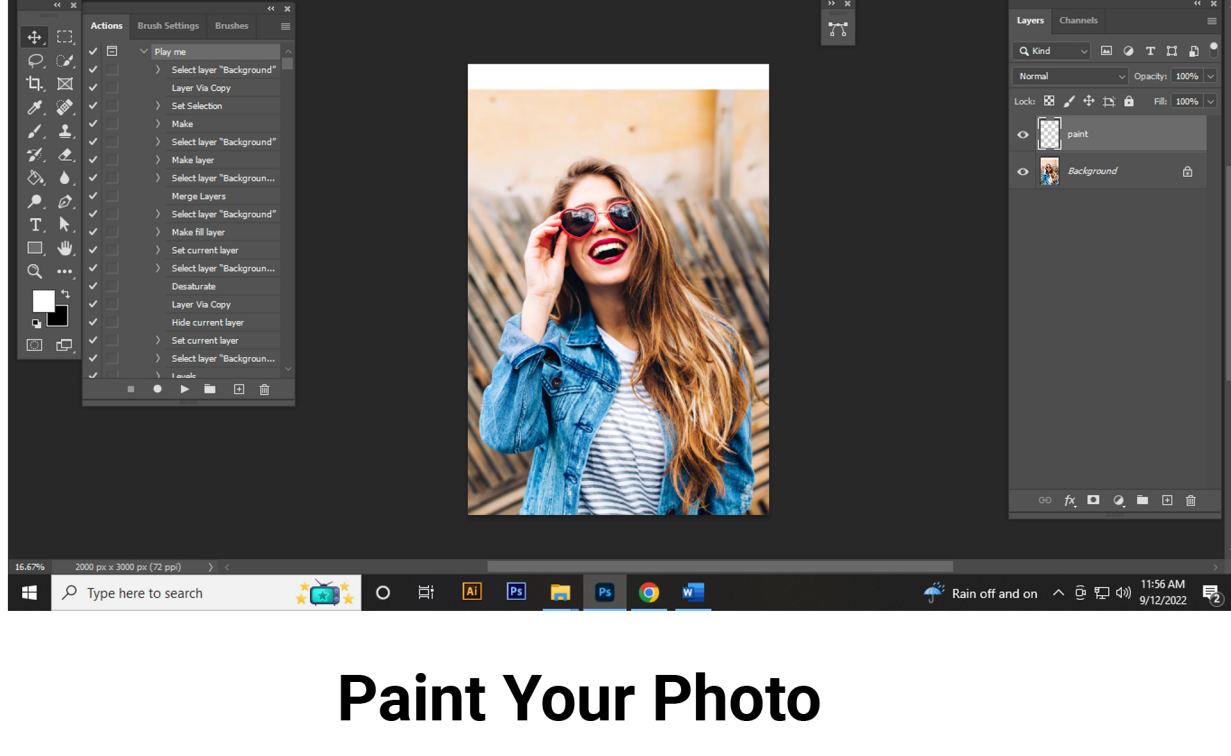

Now you need resize your image. For resize image select crop tools and go top menu bar you see W x H x Reso three blank boxes. Write W 2000px, H 3000px, Resolution 72. Expand the space three side your photo for best results. Select your Background image and take crop tool from tools bar then expand three side.

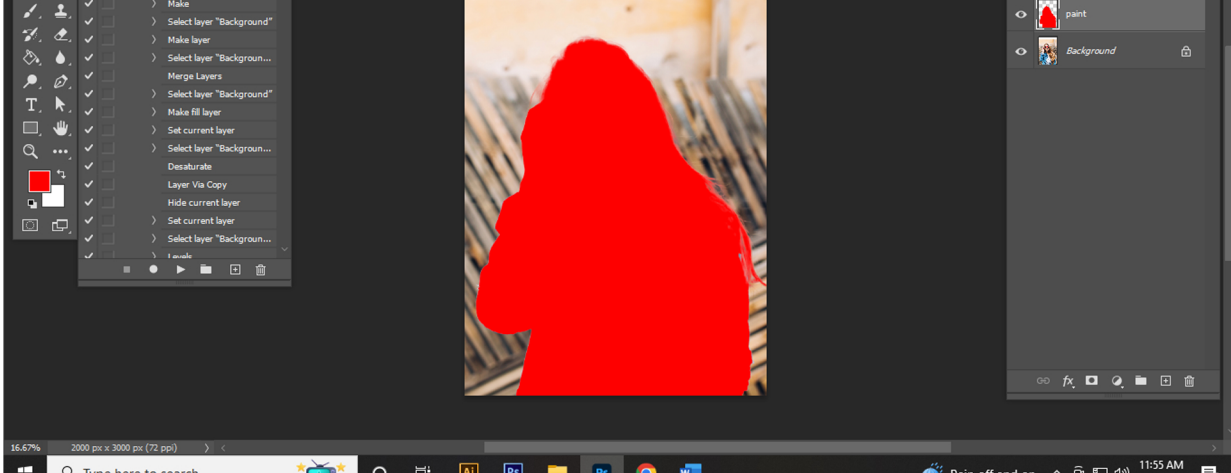

## HOW TO Work Action

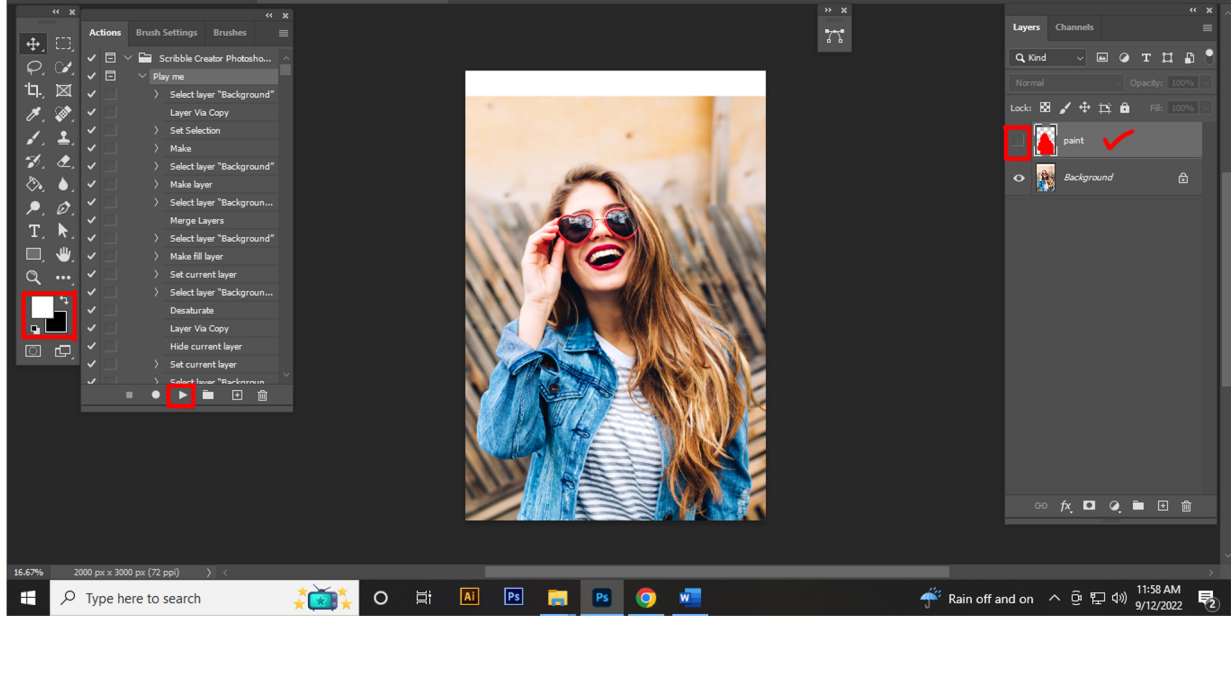

Create a New Layer Rename "paint"( in lowercase).

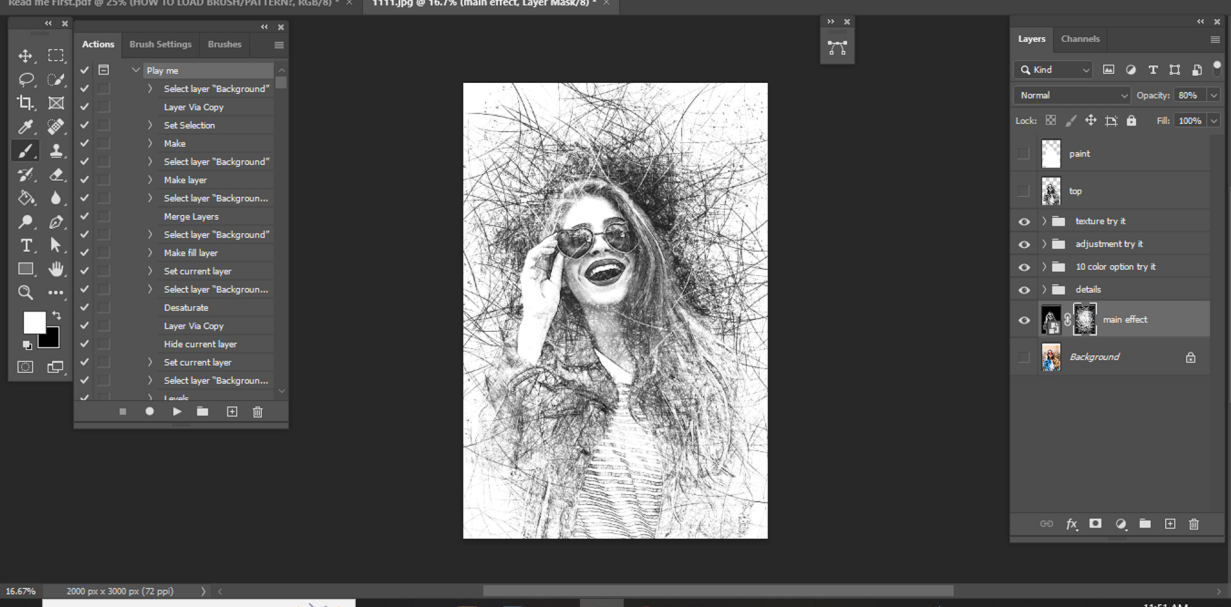

## Paint Your Photo

Close "paint" layer eye & keep Selection "paint". Be sure to set your foreground color to white and background color to black before starting the action And select any brush which you have already loaded of this action. Then turn on the actionThe action is run...

## Here is the final result

## HOW TO LOAD BRUSH/PATTERN?

If you are using Photoshop CS6 or lower version for load brush or pattern follow the guidelines well below  
open photoshop > Edit > Presets > Presets Manager > Brush/Pattern > Load > Brush/Pattern File > Done

And if you are using Photoshop CC or latest version please follow the guideline:  
Load brush "Brushes (Load me 1st)" file, simply double click brush file, it's loaded your Photoshop
