

# Thanks for Purchasing Our Product!

Please follow the instruction below to use the source file.

---

## HOW TO CHANGE PHOTO

1. Open .PSD file from the package.
2. Activate layers panel (Window → Layers).
3. Expand PHOTOS layer group.
4. Find Smart Object Layer named “PUT IMAGE HERE” and double click on it. This action will open you a new file tab/window on your Adobe Photoshop application.

5. Drop your own image in new opened tab/window, fit it to artboard size, and save it (*CMD+S*). Then just close the tab/window.
6. Check your PSD file, it's all set!
