

For detailed instructions on how to install and use these brushes in Procreate, please refer to the following links.

How to open a .zip file from an ipad:

<https://support.creativemarket.com/hc/en-us/articles/115002933927#ipad>

How to Install Procreate Brushes:

You might prefer to sync the files directly from my dropbox to yours, which would save you having to upload the files to your dropbox, in which case I've provided the link below. **This link is ONLY for your own use and it is illegal to share the link or the files with others.**
