## CONFIGURE PHOTOSHOP

- **Make sure you are using the English version of Photoshop.**
  - **Use the RGB Mode and 8 Bits color.**  
To check these settings, go to **Image --> Mode** and check the **"RGB color"** and **"8 Bits/Channel"**.
  - **Make sure that the option "Add 'copy' to Copied Layers and Groups" and "Use Default Masks on Fill Layers" is turned on.**  
On the **"LAYERS"** panel, click the hamburger menu icon and go to **"Panel Options"** and check that the **"Add 'copy' to Copied Layers and Groups"** is turned on. **"Use Default Masks on Fill Layers"** is turned on.
- 

## INSTALL THE ACTION

*Method 1:*

1. Drag and drop **"Bleed Joint Effect.atn"** file into Photoshop.

*Method 2:*

1. Go to **Window --> Actions**.
2. Press the hamburger menu and select **Load Actions**.
3. Select the **"Bleed Joint Effect.atn"** file and click **Open** to install.

## USE THE ACTION

### *Auto Render*

Actions within the **Auto Render** section can be used for any layers: texts, shapes, image layers, or cut-outs.

1. Select a layer
2. Select "Bleed" in the actions panel (Choose one of 3 different bleed sizes)
3. Press Play to render the effect

### *Custom Render*

Actions within the **Custom Render** section will convert image layers, texts, or shapes to one-color silhouette layers.

Use the "**Bleed Image**" action to render bleed silhouettes from rasterized layers (photos).

Use the "**Bleed Text**" action to apply a non-destructive bleed effect to cutout layers (texts or shapes).

Change the bleed size using actions from the **Finalize Custom Render** section.

After render is finished, double click on the folder's "fx" icon.

Navigate to "Color Overlay" to change the color.

Feel free to play around with Smart-Filters applied to Smart-Object

### *Finalize Custom Render*

#### **Important!**

Actions from the **Finalize Custom Render** section work only with "Custom Render" section outputs.

1. Select the "**BleedJoint Effect**" folder
2. Select "**Bleed Setup**" or "**Scale Setup**" in the actions panel
3. Press Play to modify the bleed size

**Thank you for choosing our products**
