Hi,

Thank You for purchasing **Vertical Notebook Mockup**.

How to place your design into mockup:

1. Select the **Your Design Goes Here (Double-click Layer Thumbnail)** layer.
2. **Double-click** on this layer thumbnail and a new file will open.
3. In the newly opened file, go to **File > Place Embedded**, select your design and choose **"Place"**.
4. Place your design as you like and hit **"Enter"**.
5. Go to **File > Save** and design will be automatically placed into a mockup.

Support:

If you need any help with the mockup or got any questions, please contact me via contact form found on my Envato profile page:
