**Open PSD File**

1.

Open the file and than Double-click on name object layer "ex: Screen1" or "Smart Object thumbnail" (marked with red color), it will open new editing tab in your document.

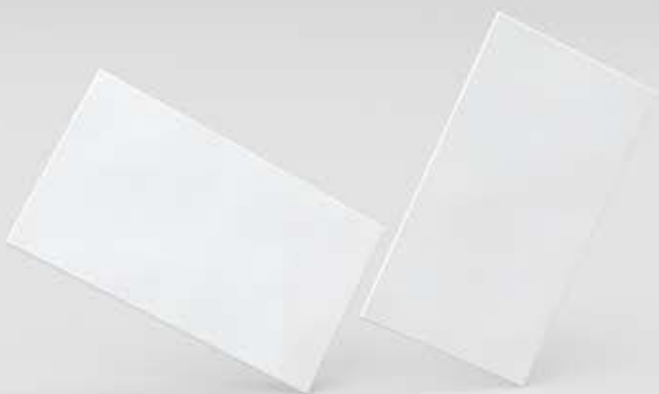

2.

Paste your design inside that tab, then save and close the tab. Enjoy the result!

For Example :

Blank	BEFORE	Your Design	AFTER

To change the background, you just need to open the "Background" folder and change it.
