Dear Ms. Darcy,

August 25, 2025

A cover letter allows you to professionally introduce yourself to a prospective employer. Your goal in writing your cover letter should be to encourage the employer to read your resume and consider you for a specific position Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod.

Highlight your achievements, skills, experiences, and training that are relevant to the position you want to get. However, avoid simply repeating the information you included in your resume. Tailor your cover letter to each employer and job. Since you are applying for specific roles, give specific examples and events that demonstrate your ability to perform well if given the position Lorem ipsum.
