

HOW TO INSTALL/USE ACTIONS in Adobe **PHOTOSHOP**

1. Open Photoshop and go to the *Window* menu.
 2. Select *Actions*.
 3. Click on the Fly Out menu button and select *Load Actions*.
 4. Navigate to the folder where you *downloaded/saved* your Photoshop Action file.
Action files must be in *.atn* formats.
 5. Once you have found your Action file on your computer, click *Load* at the bottom.
 6. As soon as you click Load, you will be able to see your new actions available in the action menu list in the *Actions panel*.
 7. To use an action, simply select it from the list and click the *Play* button.
- Your photo will now be *transformed* with the Action that you selected.
- You can *edit* actions by changing the order of the steps or by adding or deleting steps.
- To edit an action, select it from the list and then click the Edit button.

I hope this helps! Let me know if you have other questions.
