How to Editing Smart Object
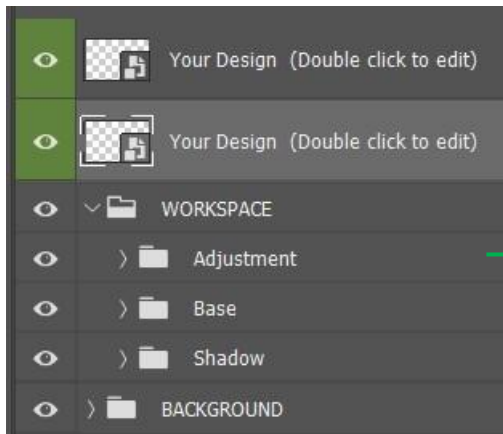

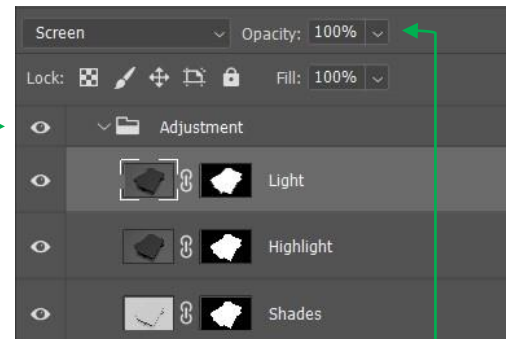

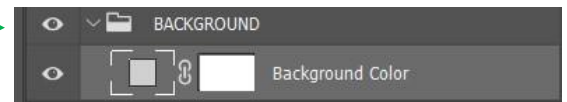

♦ Open the PSD File;
♦ In the Layers panel right click on the Smart Object Layer that you want to edit and press Edit Content (the smart object layer is always marked GREEN and has been named for each layer)
♦ A new file will open, paste your design on it;
♦ After that, Save it and close. The Changes will be made automatically to your main PSD File
♦ Save it And enjoy ! its done

Editable Smart Objects, Double click to open, paste your **Design** or **Background** and save.

set the **opacity** to match the light to your design.

Double click to change the **Color Design** or **Background Color.**

Thank you!
