# Hello!

---

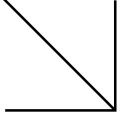

Thank you! for downloading this.  
Please read the steps below  
before using the template.

# 01

---

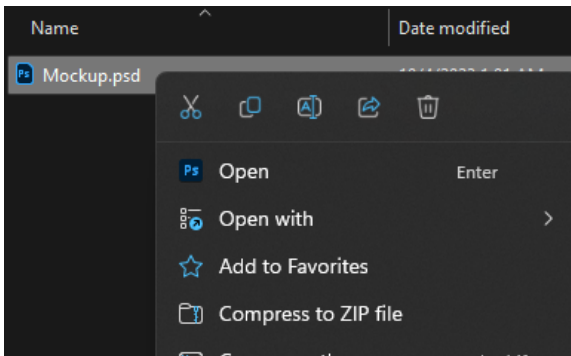

Replace Design  
Tutorial Adobe  
Photoshop.

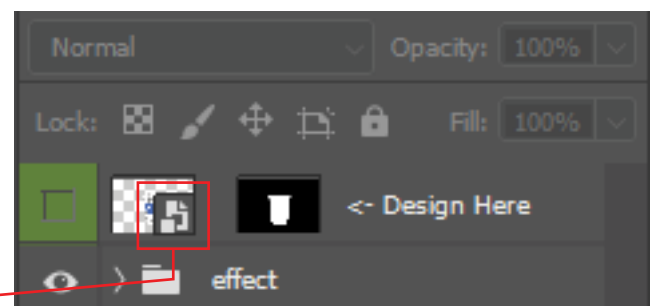

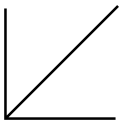

# Step 01

You need to open  
the mockup file

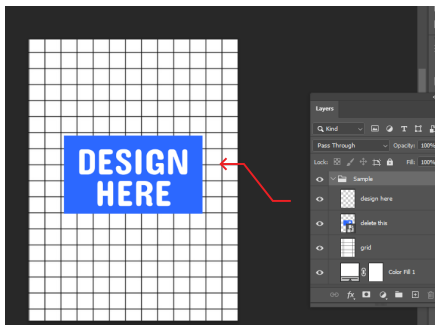

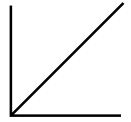

# Step 02

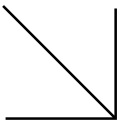

When you double click this icon, you'll  
be taken to a new tab where you can  
interact with the smart object

# Step 03

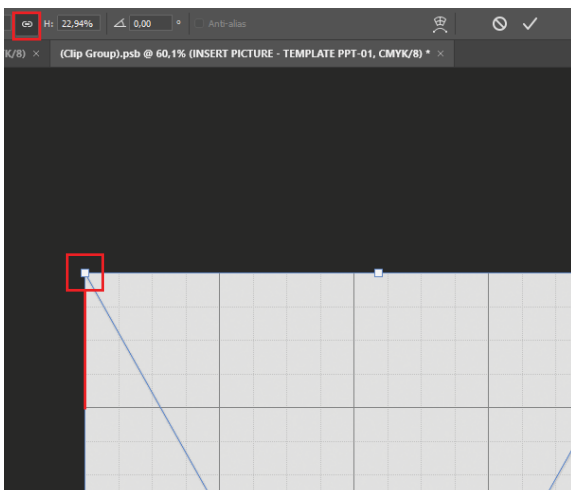

The drag-and-drop layer will appear after the placeholder opens. Drag your design onto the artboard after you've selected the layer

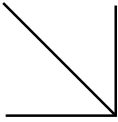

# Step 04

\*Make sure the chain symbol active to keep the design ratio\*

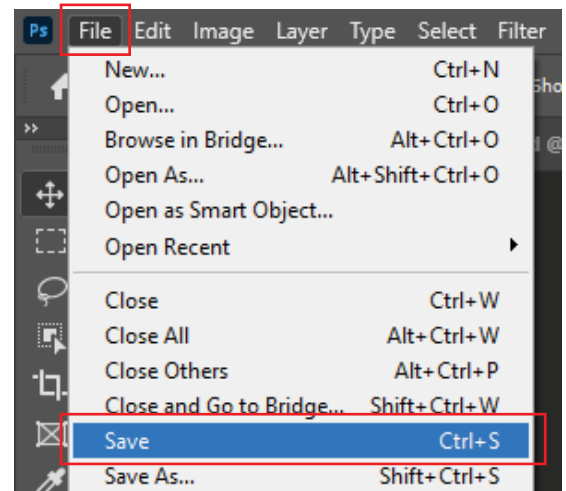

If your design doesn't fit the artboard, just drag a corner until it fills the board.

You can drag the corner like this to resize the design, after that you can hit enter to apply the size

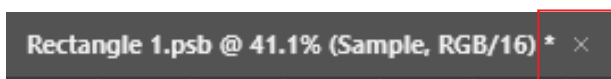

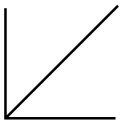

# Step 05

The placeholder can be saved by clicking the file > save or by pressing Ctrl+s (Windows) or Cmd+s (Mac).

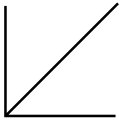

# Step 06

Close the current tab and you'll be taken back to the previous file tab. Now your design should show up on the mockup.

Good Luck and  
Have a Nice Day!

**Thank**  
**You!**
